## SURPLUS LIST

ROSE BUSHES, SHRUBS, VINES, ETC.

All stock listed herein offered F. O. B. Berlin, Md., except Rose Bushes, which are available from both Berlin, Md. and Jacksonville Texas. Guaranteed to reach you in prime condition. Our experience and unequalled facilities enable us to render a service not heretofore available. Texas Rose Bushes are Good Rose Bushes, if delivered to you in good condition, which we guarantee to do. Prejudice that has been built up around Texas Roses is to a large extent undeserved. The real trouble is improper handling brought about chiefly by lack of experience and equipment. As a chain is no better than its weakest link, likewise, a rose bush is no better than the manner in which it is handled. We have the experience, equipment and knowledge to insure to you satisfactory plants. One or more members of our firm is on the ground at all times to supervise all operations from field to package.

**FREIGHT RATES:** By special arrangements we will be in many cases able to provide carload rates on L. C. L. shipments - a distinct saving.

**SAMPLES:** On request we will express, no charge, representative samples consistent with amount you wish to purchase.

## INDIVIDUALLY PACKAGED STOCK

ROSE BUSHES - SHRUBS - VINES, ETC.

Our packages are scientifically designed on fundamentally sound lines, enabling you to deliver our rose bushes to your customers without loss of vitality fully as well and probably better than you could from your own field and at less cost to you. Some jobbing territory is still open for wholesaling! Write us.
